

"HAPPY BIRTHDAY" 99 years

Mrs. Irving L. (Jessie M.) Paddock celebrated her 99th birthday on August 24, 1971. She was born Jessie M. Bassett, the youngest of nine children, near Saranac, N.Y.

While visiting relatives in Antioch, Jessie was introduced to Irving Paddock, and after a long-distance courtship they were married in New York on January 9, 1892. They came to live on the Paddock farms near Bluff Lake where she resided until her husband's death in 1945.

Mrs. Paddock now lives with her daughter Mary on Orchard Street in Antioch where her main interests are watching the action in the Orchard Plaza from the front window and "wondering where all the people come from." She still enjoys doing simple housekeeping chores such as dishwashing and tending her numerous indoor plants. Reading *WITHOUT GLASSES* fills in the rest of her time.

She enjoys frequent visits from the eleven great-grandchildren living in Antioch (children of the C.J. Forsters and E.C. Warners). Her other children are Sr. Margaret Paddock of St. Joseph's Hospital in Chicago, Charles Paddock of Antioch and Lewis Paddock (deceased).

Mrs. Paddock is a charter member of St. Peter's Parish in Antioch.

Asked how it feels to be 99, Mrs. Paddock's immediate reply was, "I can't really say, I've never been there before." Happy Belated 99th Birthday wishes to a very beautiful, lively and charming lady!

The best eraser in the world is a good night's sleep.

TEACHERS DELAY ACTION

At 7:15 on the evening of August 30 the federally mediated negotiation sessions between the Board of Education of Antioch Community High School and the ACHS Education Association went into their final meeting.

Prior to the meeting Federal Mediator Robert C. Leitner stated that he was, at that time, fairly optimistic about the outcome. "Problems remain," he said, "but they are problems which are essentially nationwide and not merely local."

The two negotiating teams met separately until 7:25 at which time they came together for approximately 10 minutes. At 7:35 they broke into separate caucus with Mr. Leitner moving back and forth between the two groups.

The teams continued to work separately for an hour and 20 minutes. At 8:55 the teachers' committee rejoined the board committee. At 9:10 Mr. Leitner issued the following statement: "The negotiations have reached the point where deliberation has ended. The teachers' committee has agreed to carry the final proposal by the

board to the full Association for consideration. Details are not available at this time."

On Tuesday morning at 8:00 a.m. the Antioch High School Teachers Association met to discuss the Board of Education's final contract proposal for the contract year 1971-1972.

According to Jim Corrigan, chairman of the Teachers' Negotiating Committee, final action on the proposal was deferred. No action will be taken until such time as the representative assembly of the Teachers Association can have an opportunity to scrutinize the proposal in every detail.

Mr. Sanders of the Illinois Education Association, who worked with the teachers on last years negotiations, met with the teachers. He did not make any specific recommendation at the time.

The representative assembly of the Teachers Association will meet after regular school hours on Wednesday of this week to consider the Board's proposal.

ANTIOCH HIGH SCHOOL NEGOTIATING TEAM: l to r, Mr. Jim Corrigan, High School Teachers Association, Mr. Robert Leitner, Federal Mediator, and Mr. Robert Lindblad, Board of Education Representative.

Earns Blue Ribbon At Fair

The huge Illinois State Fair can generate emotions ranging from excitement and smiles all the way to disappointment and frustration. This certainly held true for those who exhibited at the recently completed 119th State Fair in Springfield, entitled, "Exposition of Progress."

Several young people from the Antioch area did quite well participating in the Junior Department competition.

Karen Krschke, Antioch Adventurers 4-H Club, won a B rating on a shift made in second year sewing. Nancy Gudgeon of the Sequoit Suzies won a B rating on a placemat and napkin she displayed from

her project Table Covers.

In the Arts and Crafts area Denise Winn, Chain O' Lakes Club received a B rating in candles.

Rick Kubetz, Chain O' Lakes, earned a blue ribbon in Public Speaking. Rick also earned a blue ribbon as a Master of Ceremonies.

School is in session and the yearly warning to motorists to watch out for children on their way to and from school is again in effect. Motorists are also reminded that the state speed limit in school zones is 20 mph, and in Antioch this law **WILL BE RIGIDLY ENFORCED**, according to Police Chief Jack Davis.

Along with the regular school zones at the high school on South Main, the Antioch Grade School on North Main and Depot Streets, and at St. Peter's School on Lake Street, drivers should remember that with the establishment of the Upper Grade School off of Tiffany Road pedestrian and bicycle traffic along that route will be heavier than usual.

We would like to go one step further and recommend that parents encourage their students to practise the rules for being good pedestrians and safe bike riders. It's not enough to say, "kids will be kids," and place all the responsibility on the motorist. The kids have a responsibility too. Most of us who drive have had the unnerving experience of having a child run out or ride a bicycle onto the road in front of us. Very often it's luck and not skill which avoids a serious accident. Parents must do more to teach their young students the rules of being good pedestrians and safe bike riders.

We realize that in the excitement of the opening days of school students, particularly the younger ones, seem to forget everything they have ever learned about safety. But, if parents would remember to take a few minutes and remind their children to be careful before sending the kids off to school it could help to avert a tragedy.

So kids, if you'll stay on the sidewalk and cross the main streets only at marked and/or guarded crossings, we motorists will do the best we can to be careful regarding those few of you who are too young or too excited to watch out for yourselves.

Alarm System In Operation

A new centralized burglar and fire alarm system is now in operation at the Antioch Police Station. This newly developed unit is connected directly to various businesses in the village and is monitored 24 hours

a day at the station.

If any local businesses are interested in taking advantage of the protection offered by this system they should contact Police Chief Jack Davis for more details and an application.

Countryside Hospital

The ANTIOCH NEWS editorial of August 25 pertaining to Countryside Hospital is much appreciated and most gratifying. It is our sincere desire to prove worthy of this commendation by the successful establishment of a hospital tax district and the fulfillment of the Countryside Hospital dream.

I personally feel that the sincere activities of those previously involved in the Countryside Hospital efforts have been unduly and unjustly criticized. Over the many years numerous very fine, capable men and women have been involved in the attempts to obtain a hospital. Their efforts and the money spent have not been in vain. They pioneered the difficult road of trial and error and made it possible for us to capitalize on the many years of Countryside Hospital's publicity and efforts. What was once a plan for a little Countryside Hospital has now developed into a plan for a fine modern comprehensive medical facility in which you will all be able to take great pride.

If indeed \$150,000 has been spent in approximately 15 years of hospital research, this would only amount to approximately 1% of the total cost of our long range objectives as outlined to the Hospital Licensing Board. It is, in reality, a very small investment when we consider the total project and its benefits to humanity.

Let us be grateful for the many efforts of the past, the present achievements and the very fact that we now have a hospital within our reach. One sows; another reaps. From the inception of the Countryside Hospital dream to the day of dedication we shall all have been workers together.

The cost to each tax payer will be relatively very small.

Letters to the Editor

Special billing considerations will be given to those making it possible to have a hospital by forming a tax district. Remember, the life you help save may be your own.

Sincerely yours,
s/ H. C. Zerbe

"Country Fair"

I have been very hesitant at writing this letter-it is not meant to offend nor slander anyone-in fact whether it will be published or not is another question.

Freedom of Speech-the right to express one's opinion?, well here is mine.

I was very disheartened upon reading an article in last week's newspapers concerning the "St. Peters' Country Fair"; the readers as well as the friends and parishioners of St. Peters' know what I am referring to. Some of you may think that what I have to say is uncalled for, but as I have stated above, we all have the God-Given right to express our opinions and this is exactly what I am intending to do.

"St. Peters' Country Fair" was held for the main purpose of keeping the school open-we all know that this is very important-we are all CHRISTIANS no matter of what FAITH or CHURCH we belong to. But why has St. Peters' and Father Henderson been put on the "chopping block" so to speak. He has been very good to the Town of Antioch- you all know it-he has been personally involved with each and every one of you in one way or another-why this "ATTACK" upon him after all his devoted years of serving you people as a Minister of God.

"THIS TOO SHALL PASS"- words spoken to me, a Catholic, by a very dear friend of mine who is of a different FAITH- those words came in my most desperate hours of need. Yes, the "Country Fair" is over, but believe me not forgotten in the minds of many

of Father Henderson's friends and parishioners, I only hope and pray that all the people of Antioch can find comfort in the same words: "THIS TOO SHALL PASS."

In conclusion, I say, Antioch is a beautiful and clean town-let us all pray together so that it remains that way; pray not that we go to our graves with petty grievances and grudges.

"PEACE BE WITH YOU ALL"

P.S.
Father Henderson knows nothing of this letter-in fact if it is published it may come as a shock to him- sorry Father, but I felt it was something I had to do.

Sincerely,
A loving resident of Antioch
s/ Fran Ksioszk

Grounding on Chain

It's happening every day -- boats are grounding in the Chain O' Lakes -- and no one seems to care.

Yesterday, an enormous cabin cruiser was grounded in the channel between Fox Lake and Grass Lake. While at a local Marina a few days before, another boat was towed in. These people had suffered a broken prop also.

We know that the State is short of money, but couldn't warning signs regarding shallow waters in what appears to be thru channels be made up, for installation by the Sheriff's Patrol, Coast Guard, etc.? It's no fun for a boater to have to pay a large tow fee, plus replacement and repairs to his boat, because he wasn't warned of shallow waters!

The river is relatively safe coming into the Mineola Bay, Nippersink area, but the route into Fox Lake is definitely dangerous for all power boats and I hope something will be done to warn people of the dangers of this and other very shallow waters.

Fountain of Wisdom

The feature story this week is a story written by a member of our Antioch community, Mr. Andrew Kalnik. And a highly unusual man he is —

Although a steel worker by trade, Mr. Kalnik spent the past 60 years studying languages. At the age of 80 he can read and understand 85-90 languages and he speaks more than seven of them. Mr. Kalnik has devised a master plan for simplifying the English language and understanding all languages.

The story **THE FOUNTAIN OF WISDOM** is, in large part, his story, the story of his life.

As we found him recently, Mr. Kalnik is selling his home and moving to New York. We are sorry that we didn't meet you sooner, Mr. Kalnik. The story will be printed in parts, so be sure to get all issues of the paper to read the complete story.

THE FOUNTAIN OF WISDOM

By Andrew Kalnik

I was born with two upper teeth in my mouth and a tenuous, well fitting cap over my head. The peasant women of the village marveled at it and prophesied a brilliant future for me. According to the wide-spread superstition, the teeth signified an uncommon intelligence of their owner, and the cap was sure sign of riches. I was to become one of the greatest men of the country and renowned, and I was to amass a fabulous fortune.

According to the superstitious beliefs of the villagers, the teeth and the cap were two infallible tokens of Fate's favor, and the two most cherished gifts nature could bestow on a mortal. The villagers praised and envied my mother for being so fortunate for giving birth to such an exceptional child.

My mother, in compliance with these beliefs, cut a piece of home-spun linen cloth, washed it carefully, and when it dried wrapped the cap in it and hid it somewhere in the house. No one knew where.

The cap was safely put away, and I guarded the teeth in my mouth with appropriate diligence. My future and my fortune, for the time being at least, were assured. But fate did not issue us an

insurance policy against their loss. . . .

When I was to be weaned, my mother, to her justified motherly horror, discovered that some one had stolen the cap. It was the second important event in my life and decidedly the most fitting occasion to reassure herself of the safety of the precious gift. But the gift was gone.

She cried, she bewailed the loss and the misfortune it implied, and complained about it to every one she met and to who cared to listen about it. And, as there was no one else in the house long enough to do it unobserved, of that she was sure, she suspected the midwife and accused her publicly of the theft. Some of the villagers sympathized with her and showed her their compassion by stroking my hair and pitying me by saying "poor child" or making some such appropriate remark.

My mother, subsequently, consoled herself, however, with knowledge that I still had my teeth, and a hope that, perhaps, with wisdom I didn't need a good luck charm to make a mark in the world for myself. She watched me as I grew and paid special attention to what I was doing while at play, and, lest I'd knock my teeth out falling down, she forbade me to climb trees, to go up in the attic over the home-made rustic ladder, or to jump off the threshed out rye straw, piled up high to the roof in the hayloft.

Shielded thus by the well meant maternal restrictions, my two incisors, slightly larger than average, shone brightly at her from the protective cavity every time I laughed. Often, on purpose, she'd tell me a funny story or foke just to see if they were still there.

One morning, however, while waking me up to go to school, in place of the two symmetrical, shining bone formations she used to be so fond of, she saw an empty, dark hole yawning at her. . . .

"Good Lord!" she exclaimed with horror. "What happened to your teeth?"

I didn't know what to say at first, then, as usual, in order to escape or to mitigate the harshness of the anticipated

punishment, I blurted out:

"Charlie yanked them out for me!"

Charlie was my older brother. Before we went to sleep that night, we played tug-of-war with the feather tick. And I, determined not to lose the contest, stuck one edge of the cover in my mouth and held it tight with my teeth. The next moment, to my paralyzing dismay, I felt the feather tick being jerked out of my mouth and my precious two teeth with it. Mother took it very hard; she cried even more than before. Her hopes were shattered. She considered the loss of the teeth a greater calamity than the loss of the cap. Looking at me afterwards, her eyes would glisten with tears and she'd sob disconsolately. She cried, I cried, Charlie cried, and my sisters cried with her, although we didn't feel the deep pang of frustration and disappointment that she did.

During the obsequious lamentations that erupted again that evening, Charlie suggested, feeling guilty and out of compassion, that we replant the teeth in my mouth as they were before, and that, maybe, they'd grow back again. He helped me to place them in right, taking care that each was set in its former socket properly.

After we had tried several times and failed, Mother wiped her tears and said only one word, rather sternly:

"Children!"

We understood what she meant and we let the experiment die in its incipient stage.

But that wasn't the end of the tooth and the cap episode. Shortly afterwards, Mother and I, going for a visit to my grandmother, who lived at the other end of the village, met a man called Gajdosik, the Wiser. He was a self-made man and, besides cultivating his land, he designed and built log cabins, granaries and stables not only for the peasants of the village, but also for others far and wide throughout the district. He was known to be fully versed in the folklore of our people and, at times, it was said, he seemed to possess a clear vision of coming events. . . .

Mother stopped him and, being still under the influences of the unpleasant memories, spoke to him about the natural gifts with which I was born and of their final disposition.

He looked at me silently for awhile with a searching gaze and, turning to her said:

"Frances, I heard of it; others told me. It's unfortunate that it happened. Unfortunate for your son, but everything isn't lost. While there's nothing here for him to do, his luck is still with him. But he must search for wisdom in the region of "many eyes" (1) of the sea. There he'll find the fountain of wisdom, there he will find contentment and final solution to his problems. However, his success and enlightenment will come to him late in life. His luck, in the meantime, will sway between the good and the bad. It will be mediocre. It won't be too good and it won't be too bad. He will discover the fountain in the center of a clump of trees, and he will see it from the sky. And when he does, he will recognize it for what it is."

He stopped talking for a moment. When he was about to go, he turned around and with his final leave-taking, remarked:

"He who stole the cap will be punished. The blessings are retributions are inexorably bound together in these gifts: blessings to him who receives them from the benign forces of nature, and retributions to him who acquires them by dishonest means."

With this we parted.

His last remark lingered in my mind and automatically made me think of the midwife's son. Physically well built, good looking, but he was the dumbest creature in the village. . . . Did the retribution, of which Gajdosik, the Wiser, spoke, interfere with his mental development? I wondered. . . . If it did, it worked at cross purposes. At least, so it seemed to me.

(1) Morske oka. Certain mountain lakes in Slovakia are popularly referred to as "eyes" of the sea.

(Continued in next issue)

Bids Open For Landscaping At Upper Grade School

Invitations are out for bidding on the grading and seeding phases of the landscaping at the Upper Grade School. Plans were presented by the Franz Lipp-Marvin Wehler Partnership at the August 24 meeting of the Antioch Grade School Board of Education. Planting must begin as soon as possible in order to get seeding done yet this fall.

According to Mr. Michael Sutter, architect, as he presented the Life Safety Code Survey regarding the Oakland School, "The maintenance is excellent compared to other schools." The survey was presented at the meeting with a list of recommendations which would bring the school to full conformance with the minimum safety standards of Building Specifications for Health and Safety in Public Schools. The report, broken down into three sections according to their necessity, called for improvements such as providing automatic fire detectors in certain areas, replacing glass in designated doors with wired glass

and providing additional fire extinguishers.

At this meeting the Board of Education also approved an increase in the secretarial staff at the Upper Grade School from 1½ to two full time women.

In response to a Special Education Department of Lake County request to rent two rooms at the Upper Grade School and one at the Antioch Grade School for Special Education classes, the district will rent out one room at each of the two schools. According to the S.E.D.O.L. plan, one

room is to be made available for every 500 students or fraction thereof enrolled in the district with the school receiving \$1000 per room per year for its use. The room at the Antioch Grade School had already been approved and the Board agreed to rent out the one available room at the Upper Grade School.

The Board considered an increase in student lunch prices from \$.30 to .35 and adults from \$.40 to .50 while also increasing milk prices. However prices will remain the same this year as last— with student lunches \$.30, adults .40, milk for students \$.02 and adults .06.

A proposal for a \$2.00 Arts & Crafts fee was also defeated.

The budget for the Antioch Grade School District is available for public inspection at the School District Central Office. A public hearing will be held on Sept. 27, 1971 at 7:30 p.m.

JANET DITZIG, age 7, of RR 1 in Antioch, prepares to place the crown of "Little Miss Peanut" on Amy Sue Zandbert, age 8, of Morton Grove. Janet was one of ten finalists from throughout Illinois who recently competed in the annual Little Miss Peanut Pageant in preparation for the Kiwanis Kids' Day Peanut Sale. Little Miss Peanut is selected to reign over the 10,000 Kiwanians who sell peanuts on the streets on September 24. All funds collected on that day are kept in their respective communities and used to support programs for underprivileged and handicapped youngsters.

Toft to attend Prayer Breakfast

Mayor Ray Toft will attend the 2nd Annual Mayors' Prayer Breakfast on September 6, part of Zion's Jubilee Days celebration.

The breakfast will begin at 10 a.m. at the Illinois Beach Lodge. All county mayors and their wives and other municipal officials are invited.

Governor Richard Ogilvie will attend along with other Federal, State and County officials. Governor Ogilvie has requested that the Lake County mayors attend, as he would like to have a meeting with them after the breakfast for some announcements.

Featured speaker at the

Mayors' Prayer Breakfast is Evangelist C. M. Ward, nationally known on radio and TV as author and evangelist, speaking on "God and Country".

John Hall, nationally acclaimed for his recording of gospel music, will furnish the morning's music.

Later on in the day, Zion's Mayor Bruce Dunbar has invited all mayors to take part in the 1 p.m. parade in Zion. Due to a lack of cars, mayors have been asked to bring a convertible with a sign bearing their name and city. The Zion Jubilee Days Parade usually runs about two hours.

Good food never goes out of style, in fact, good recipes become traditions.

Well on its way to traditional standing is "The Trail Driver," a hearty barbecue sandwich aimed at man-sized appetites. Tender slices of cooked roast beef, simmered in zesty smoke-flavored barbecue sauce, nestle on a toasted hamburger bun. Creamy cole slaw, dill pickle slices and onion rings top the well-sauced beef before being capped with the poppy-seed bun half.

"The Trail Driver," Grand Champion of 1970's National Sandwich Idea Contest, may follow other contest winners, like the Reuben, to a place on menus and tables all across the country.

Enriched buns and other breadstuffs already have an important place in American meals, contributing the B-vitamins — thiamine, niacin and riboflavin, and the mineral, iron.

THE TRAIL DRIVER

6 sandwiches

- | | |
|--|-----------------------------------|
| 1 cup smoke flavored
barbecue sauce | Butter |
| 12 ounces cooked roast beef,
thinly sliced | 6 tablespoons creamy cole
slaw |
| 6 enriched poppy seed
hamburger buns, split | 12 onion rings, thinly sliced |
| | 18 dill pickle slices |

Simmer barbecue sauce 10 minutes. Add beef; simmer 30 minutes longer. Toast and butter buns. Place beef mixture on bun bottoms. Spread cole slaw on each; top with 2 onion rings and 3 dill pickle slices. Cover with bun top.

Ken Smouse is showing Karen Sheehan how to tour Spain at the "lowest expense"

OH, THOSE BUMPS!!!!!!

bon voyage

THE ANTIOCH NEWS Generation Gap will be expanding very soon. Miss Karen Sheehan, member of our staff, is leaving our employ to spend her first semester of her junior year in college in Spain.

This is being made possible through a student exchange program at Cornell College in Iowa. Karen will live with a family in Spain and will receive her college credits through schooling in Spain. Between semesters Karen plans to live in

youth hostels and tour some of the country.

Karen is majoring in English in Cornell College and has been a great help to us here at the NOW-ANTIOCH NEWS.

So rather than to say we have lost an employee—we shall say that "We have gained a foreign correspondent".

Loads of Luck and Laughs -- Karen!

ROTARY HOLDS CLUB ASSEMBLY

All members of the Rotary Club of Antioch should welcome a Club Assembly scheduled for the Sept. 2 meeting.

This is an opportunity for each and every member to air his ideas as well as his criticisms for the welfare of the entire group.

The August 18 meeting was a fisherman's delight as Irv Pedersen had Mr. Joseph Legat, an architect from Waukegan, show slides and give commentary on a camping and fishing trip to God's Lake, Canada, located near the Arctic Circle.

Women of the Moose

The regular meeting was called to order by Senior Regent Judy Page on Thursday, August 19.

After the minutes and correspondence was read by Collegian Recorder Jerri Polson, the August birthday march was made by Dorothy Tralewski, Cheryl Wise, Pat Wagner, Pat Sperling, Vivian Clark, and Gloria Carrick.

The next meeting will be on Thursday, September 2. The Publicity Committee has in-

The BOOK Shelf

Doing a paper or researching a project? Try the pamphlet file at the Antioch Township Library. It's a great source of information on most any topic.

New books at the Antioch Township Library include:

ME AND THE ORGONE by Orson Bean. The celebrated comedian and actor recounts his consciousness-expanding experiences with the orgone therapy based on the theories of Wilhelm Reich.

EXILES FROM PARADISE: ZELDA AND SCOTT FITZGERALD by Sara Mayfield. Penetrating, intimate portrait of the early successes, struggles, and final tragedy of the celebrated American couple.

ON THE SIDE OF THE APES by Emily Hahn. Studies the amazing and often disconcerting similarities found between man and the ape family.

NOTICE

SALEM TOWNSHIP BOARD announced today that because of the number of people who would attend the hearing on the formation of Utility District No. 2 for the township, the hearing would be held in the Wilmot High School Gym, on September 9, 1971.

The Board will meet in the town hall at 7:30 p.m. as scheduled, and will adjourn at once to Wilmot School where the people will be assembling.

There will be in attendance to explain the proposed project men from the Southeastern Regional Planning Board, State Department of Natural Resources and the Township engineer. The hearing will begin at the Wilmot School at 8:00 p.m. on Sept. 9, 1971.

Some of the areas that will be affected by the No. 2 Sewer are Camp Lake, Trevor, Rock Lake Highlands, Center Lake Woods, and possibly Wilmot.

Hours at the Antioch Township Library are daily Noon to 9 p.m. and Saturdays 10 a.m. to 5 p.m.

Divers Raise Rudder

by Bernie Gutowski

The Century Divers Scuba Diving Club of Grayslake just returned this weekend from Door County.

Nine members and four guests took on a mammoth chore, and succeeded! Now Door County has another artifact to put in their museum.

The object is a rudder from the wooden steamship "City of Glasgow" which went down in Lake Michigan near the canal to Sturgeon Bay in the year 1917.

The members have been planning how to raise the rudder, which was broken away from the ship when it ran aground in 15 feet of water. The rudder weighs approximately 3,000 lbs. In order to float it, eight 55-gallon drums were used. The drums were filled with water to submerge them, then tied to the rudder and filled with air. This floated the rudder which was then towed to shore by boat.

The trailer to haul it on was pushed out into the lake and under the rudder. It took two pick-up trucks to pull it on shore.

The overall size of this rudder was 18 feet long by six feet at its base. The shaft was made of wood and wrapped with steel. It was 18 inches in diameter and approximately 8 feet long.

The task took about 12 hours, and the members felt it was a worthwhile effort, as it will be on display at the Door County museum at Gills Rock, in Door County, Wisconsin.

Can you still get a good deal on car insurance at State Farm?

You bet you can!

Pres. of NLC Conolly elected

Representative John H. Conolly (Waukegan-R) was elected President of the National Legislative Conference on Friday, Aug. 20, during the organization's 24th annual meeting being held this year in Minneapolis, Minn. The National Legislative Conference is the representative body of State legislators nation-wide.

Dedicated to modernizing State legislative processes and helping lawmakers cope with the major problems facing them, the NLC is regarded as one of the most significant political efforts in the nation.

During the past year, Conolly has served as Vice President of the NLC, and also as chairman of its Committee on Intergovernmental Relations.

Looking ahead, the new NLC President asserted: "The most important task before us will be continued legislative involvement in the federal scene—especially in urging the passage of legislation providing for federal revenue sharing with the States. Conolly said that he was confident that the State legislators will support the effort of President Nixon in his endeavors to curb inflation. He has urged the State legislators to take necessary action at the State level to strengthen and enhance the American economy.

DINING GUIDE

THE ANTIOCH NEWS WEDNESDAY, SEPT. 1, 1971

LORENZ

In 1841, E. J. Simmons brought his young family from New York to Illinois where he bought 160 acres of land from the government and established a home in a log cabin built that same year. Some ten years later his son, Frank M. Simmons, built the farmhouse which still stands on the rolling hillside just west of Antioch on route 173. Much of the old farmhouse can still be seen when you visit LORENZ'S SMART COUNTRY HOUSE, one of the outstanding restaurant and cocktail lounges in Lake County.

Until 1948 the home remained in the possession of the original family, although the name was now Smart, and was operated as a summer boarding and vacation home as early as the 1900's. In 1948 the farm was sold and the new owner created SMART'S COUNTRY HOUSE, retaining the family name as being the best means of identifying the well known establishment.

The Lorenz family acquired the business in 1956. At the present time Ray Lorenz and his wife, Pat, Ray's mother and his sister-in-law, Mary Keane, operate the beautiful old farm house.

Lorenz's specialize in fine foods and an outstanding cocktail bar. They host numerous parties, wedding receptions and civic clubs throughout the year.

If it is entertainment you like LORENZ'S SMART COUNTRY HOUSE features live music every Friday and Saturday night. Currently on the bill at Lorenz's is the Dave Woolf Trio at the Piano Bar.

So for excellent dining, delightful atmosphere, combined with just a touch of history and romance visit LORENZ'S SMART COUNTRY HOUSE.

LORENZ'S

Legion Auxiliary News

The Bernard De Vries, William Dowden, the F.A. Swensons, the Ed Jahnekes and Mrs. Ray Rathmann attended the Installation of Officers of the 10th District American Legion, held at the Wauconda American Legion Home, on August 20.

On behalf of the Antioch American Legion Post, Bernard De Vries accepted the smaller Woodrow Fisher Trophy, which the Antioch Legion may keep permanently in their possession. The previous year, the large traveling Woodrow Fisher Trophy was presented to the Antioch American Legion for their excellent participation in all phases of Legion programs. The Libertyville Legion won the larger trophy this year.

Roy Lundsten of Wauconda was installed as 10th District Legion Commander with the other district officers as follow: William Franzen of Libertyville, Senior Vice Commander; William Schultz of North Chicago, Junior Vice Commander; Rene Jackson of North Chicago, Adjutant; Le-Roy Mintz of Highland Park, Finance Officer; George Robbins, Zion, Chaplain; William Dowden of Antioch, North Shore Line Legion, Historian; and Ed Jahneke of Antioch, Gurnee Legion, Sergeant-at-Arms. John Mould, Wauconda, State Field Representative, was Installing Officer.

A reminder to the Antioch American Legion Auxiliary members that they will be holding their past presidents' parley pot luck supper party

meeting on September 6 at 6:30 p.m. at the Antioch American Legion Home.

On September 10, there will be a joint Installation of Officers of the Antioch American Legion and the Auxiliary 748 at the Antioch American Legion Home at 8 p.m. James Ferrier will be the new Legion Commander with Mrs. John W. Horan as the Antioch Unit President.

Roy Lundsten, 10th District Commander and his corps of district officers will install the Antioch legionnaires. Mrs. Robert Broege, Deerfield, District Junior Past President, will be the Installing Officer; with Mrs. Bernard Stadick as Installing Chaplain. Mrs. Lester Zitkus, Installing Musician and Mrs. John L. Horan will be Installing Sergeant-at-Arms. The last three named installing officers are all past presidents of the Antioch unit. Mrs. John L. Horan is also a past district director.

New Deductions

An 8 lb. 9 oz. boy was born on August 24 to Mr. and Mrs. Roy John Zeman.

Roy John, Jr. was born at Highland Park Hospital. He is the new grandson of Ray and Martha Zeman and Sylvia and Leonard Lestina.

Miss Marie Theresa Lang of Antioch has received the degree, master of arts in library science from Rosary College, River Forest, Illinois. Summer commencement exercises were held August 6.

Miss Lang earned her B.A. degree from the College of St. Francis, Joliet, Ill., majoring in Spanish with a minor in library science. She was the recipient of an Illinois State Grant for graduate study in library science.

She is the daughter of Mrs. Lawrence W. Lang of Antioch.

Linda Boswell to marry

Mr. and Mrs. John Boswell of Rt. 2 Box 354, Bristol announce the engagement of their daughter Linda Ann to Neil Gussarson, son of Mr. and Mrs. Otto Gussarson of Antioch.

Miss Boswell is employed by Beatrice Manufacturing in Bristol and Mr. Gussarson works for the Antioch A&P Store.

After a March 11 wedding the couple plans to reside in Bristol.

Dhuyvetter-Lischewski

Good Shepherd Lutheran Church was the setting when Sharon Ann Lischewski, daughter of Mr. and Mrs. Eugene Lischewski of Lindenhurst, and Kenneth Dhuyvetter, son of Mr. and Mrs. Peter Dhuyvetter of Waukegan, were united in marriage. The Rev. John Rische officiated at the 3 p.m. double ring ceremony.

The former Miss Lischewski

wore an organza over taffeta gown, A-Line styling following into a full sweeping chapel train, empire waistline, high neckline, long full bishop sleeves. And Chantilly lace appliques. The bridesmaids wore pastel shaded gowns of silk organza accented by a mock bolero of viennese lace.

Honor attendants were Cindy Schleusener of Antioch and Danny Koivula of Waukegan.

Illinois Beach State Lodge was the setting for the reception.

After a honeymoon to Wisconsin the newlyweds will reside in Lake Forest.

LUTHERAN WOMEN RESUME MEETINGS

On Wednesday, Sept. 8th, 6:30 a.m., members of St. Stephen Lutheran Ladies Guild will meet at the Church, Hillside and Route 59, Antioch, and resume their Fall schedule of meetings.

A potluck Supper is planned, after which there will be group devotions and a program of flower arranging demonstration by Altman's Flower and Gift Box. Round Lake Beach,

will be presented. Supper reservations should be made with Mrs. Eunice Mueller, 395-0054.

Newly-elected Officers of the Guild for the year 1971-72 are: President; Mrs. Sandra Bailey, Vice President; Mrs. Amy Laurin, Secretary; Mrs. Karin Ring, Treasurer; Mrs. Mary Jo Lindgren.

Local Boys Bike And Camp

Two Antioch High School young men cycled across the state of Wisconsin last week. Ricky Johnson, a senior from the Allendale School for Boys and Kevin Rowley, sophomore, son of Allendale's Director Edward J. Rowley, began their trek at Walworth, Wisconsin Monday, August 23 and ended their trip near LaCross sometime Saturday evening, a distance of some 300 miles.

The two young men, both riding English Racers, camped at designated camp grounds along the way. They planned

to take in the Circus Museum at Baraboo and stop over at Devil's Lake.

Johnson, a 6'3" radio enthusiast, has his own radio station on the campus of Allendale School for Boys. "I've been wanting to take the trip for a long time," he says. "I did have some misgivings a couple of weeks ago when my bike was stolen." It was recovered in time to make the trip.

Kevin, a blond haired music lover, has been employed by Allendale during the summer.

Fall combinations that border on the brilliant

SOCIAL NOTES

by Del Jahneke

If a pleasant faced lady, with a gaily decorated basket on her arm filled with goodies comes to your door, greet her with a smile! All of you who are newcomers to the Antioch community! For this lady will be your Welcome Wagon Lady Mrs. Bernard De Vries, with civic information for you and gifts from the local merchants. Anyone knowing of new people who have just become members of the Antioch area, please contact Mrs. De Vries at 395-3975.

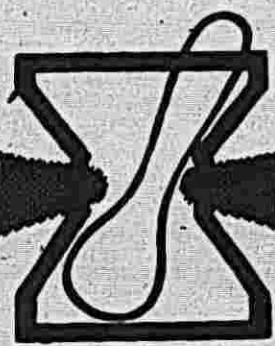

The F.A. Swensons of Deep Lake thought they were attending a family picnic party at the home of their son Francis at Milton Wisconsin last Sunday. But this picnic turned out to be far nicer! It was also a surprise birthday celebration for Ellen Swenson's 70th birthday. She received many lovely birthday presents from everyone. A BELATED HAPPY BIRTHDAY IS WISHED YOU, ELLEN!

Since there were too many girls desiring to be Brownies for one troop to handle comfortably, there are now two Brownie Troops in Antioch. Mrs. Jean Proctor is the leader of Troop 180 with co-leaders Mrs. Joyce Kufalk and Mrs. Karen Pratt. The new Brownie Troop 185 will have Mrs. Fran Zajac and Mrs. Donna Dahlberg as their co-leaders. The organizer Mrs. Bernard De Vries, states that flyers will be sent out shortly after school starts, telling of the Girl Scout program.

Mrs. Robert Dunlap, Jr., Grass Lake Road, hosted a "Treasure Hunt" Pearl demonstration party at her home on August 25, with twenty ladies present. An unusual aspect of this demonstration was the discovery of twelve black pearls, considered quite rare. There were also three gold pearls, and two iridescent ones - it was an exciting evening for everyone!

Report Of Visitation At AGS

Report of the State Visitation by the Office of the Superintendent of Public Instruction has been received by the Antioch Grade School Board of Education. The four member group made its visitation on March 26, including all four attendance centers of the 1550 students in the district.

The Antioch Elementary School system was particularly commended for the Upper Grade center library and learning center and its excellent programs in arts and crafts, home economics, and industrial arts. The district was highly praised for its commu-

nity relations and its music and physical education program. The hot lunch and transportation services were rated as very good.

Suggestions and recommendations included:

1. Establish a learning center and library in each of the K-5 schools
2. Principals should spend more time in classroom supervision.
3. There is a need for more audio-visual equipment and supplementary materials.
4. Eventually, printed board policy manuals, curriculum guides and district educational philosophy book-

lets should be made available.
5. Books should be shared by the staff.

6. More children should be encouraged to participate in the instrumental music program.

7. A speech correctionist must be hired for 1971-72.

8. A guidance program must be established.

9. A special art coordinator should be hired.

Registration
At CLC

A. Harris Moeller, admissions director at the College of Lake County, reminds students that although the formal registration period is over it is not too late to register for classes for the fall semester. "Any student, full time or part time, who was unable to register during the scheduled registration period, and still desires to take courses this fall, may register during the first week of classes.

Students desiring additional information on course offerings, admission and procedures, and registration are advised to contact the college admissions office, 223-8193.

Along the Way with *Annie Mae*

Another summer has passed us by and the school bells ring loudly for all the children in Antioch. Soon the smell of autumn leaves burning will fill the air along with the shouts of the football players and fans.

Speaking of football, if you see lots of high school boys walking pretty slowly, they are just soothing their aching muscles. . . practice started over a week ago.

The new Vikings boys football team played its first games this week, playing against Fox Lake. These boys are 11 to 14 years old and they try very hard. . . Let's get out and root them on!

PETE POULOS, former Antioch resident now residing in Stanford, Conn., was here visiting over the weekend. He stayed with his brother Tom. His father TED POULOS, recently returned from the hospital and is recuperating at home. Pete says "hi" to all his friends, as he only had four days to visit, and couldn't get around to seeing everybody. . .

Did you know that Antioch has their own Santa Claus? (And it's not too early to be thinking!!) CLARENCE SHULTIS (and his wife DOROTHY) of 1040 Bishop St. have been repairing toys all summer for the Toys for Tots which the U.S. Marines distribute at Christmas time. Clarence has fixed many broken bikes, wagons, etc. and Dorothy sews new dresses for dolls. But alas, they have run out of toys. . . If you have any repairable toys that they could "fix over", please drop them off at 1040 BISHOP STREET.

BILL & MARY CARNEY hosted a campaign breakfast last week (at 6 a.m. no less) in honor of DONALD PURDY of Felter's Subdivision. Don retired from Commonwealth Edison after over 44 years of service. The whole car pool and their wives were there.

HAPPY 25th ANNIVERSARY to MR. & MRS. LUCIEN MCLEAN of Lake Blvd., Bluff Lake, Antioch. Mr. McLean is a teacher at ACHS. . .

GET WELL to GLADYS LOKKE and CONNIE LARSEN RUPERT.

After a week of vacation in Colorado BETTY LU WILLIAMS is rested and back at the library. She flew out to visit Mary Maplethorpe and her daughter Mary Jean who teaches in Greenwood Elementary School in Littleton.

Finishing up the month of August with HAPPY BIRTHDAYS are PHYLLIS GOOD, ERNEST GLENN, GIGI

SPITTLE, and L.V. SITLER. The Spittles and Palaskes celebrated Gigi's birthday at the Playboy Club. . . Mrs. Sittler's birthday was celebrated at a party at the WILLIAM HANSEN home. Also honored at the party was RANDY IRISH who will be going off to college soon. . . A belated Happy Birthday to Bob C. Lasco.

A hearty "Welcome to Antioch" goes out to Mr. and Mrs. JOHN ACKEN and their two sons who recently moved to Antioch from Franklin Park. Mrs. MARY ANN SAMS and her three children, and also Mr. and Mrs. FRANK WARREN & family from Chicago. . .

Our condolences to Tod and Carol Maplethorpe on the death of Carol's young nephew out in Kansas.

A visitor from California this past weekend was PEG LEIDER'S sister. They had a big family reunion on Sunday. . .

From CHIEF DAVIS--This is his last day of smoking. . .

What a surprise. . . RAY NORDLING returned from his vacation -- with a bride!! Congratulations, Ray.

JENNIFER AND MARK BIEL recently returned from a visit to their grandparents' in London, England. They flew over by themselves and were met by their grandparents. . .

See you at the Glass-Mobile with all those non-returnable bottles September 4-6. . .

Annie Mae

CHRISTIAN SCIENCE CHURCHES

Man in his true nature is always embraced in God's universal family, according to the Lesson-Sermon at Christian Science church services Sunday.

"A father of the fatherless, and a judge of the widows, is God in his holy habitation. God setteth the solitary in families." This is one of the Bible passages to be read.

The Lesson-Sermon on "Man" also includes this supporting commentary from SCIENCE AND HEALTH WITH KEY TO THE SCRIPTURES by Mary Baker Eddy: "Man is the family name for all ideas, -- the sons and daughters of God. All that God imparts moves in accord with Him, reflecting goodness and power."

An invitation is extended to all by First Church of Christ, Scientist, Beacon Hill, Rt. 173 and Harden, Antioch, Illinois to attend services beginning at 11 a.m.

Generation Gap

by Karen Sheehan

For most college kids it's back to the dorms, the books, the studying again--with all the fun that goes along with them, of course! Sure wish everyone a very successful year.

For me it's the end of my summertime adventure of working on the new ANTIOCH NEWS. It's been the best experience I could hope for, since my lifetime ambition is to do newspaper work. But it's been even more to me, more than just a job or just experience, because of the wonderful people I've worked with on the paper. Now I'm off to Spain on a program through Cornell College where I am a junior. This program allows a student to spend a semester off campus living and studying in a foreign country. I plan to spend a semester in Spain, Christmas vacation traveling in Europe and interim term in England before going back to CC for second semester.

A junior at Augustana College in Rock Island, PAT GORLITZ will be returning to her institution of higher learning on Friday. This summer Pat's been working in the office at Quaker. Now she's anxious to get back to work on her business and history major, and back to all of her friends.

JIM MAIR has been attending the College of Lake County for two years but he's decided to take a break for a year or so. He'll work for Norm Soland doing landscaping and then he'll be ready to go back to school full force again!

Also taking a break from college will be DAN STERBENZ who's enlisted in the Seabees. Dan hasn't decided whether he'll be in the Navy's six month or two year program, but either way he'll be leaving for California on October 12. Last year Dan was a freshman at the University of Dubuque and, if he doesn't go to school while in the Navy, he'll continue after his service.

One truly enthusiastic student is DAVE TOFT! Dave stayed right at school, living in the frat house and working this summer. A junior at Milton

MR. ARTHUR R. BUHROW--66 years old of Camp Lake, Wis. passed away Sunday, August 29 at Kenosha Memorial Hospital. He was born Nov. 16, 1904 in Chicago, and resided there until moving to Camp Lake in 1945. He is a member of Independence Masonic Lodge 1090 A.F. & A.M. (Chicago)--Center Lake Conservation & Sportsmen Club, and is a charter member of Christ Lutheran Church at Paddock Lake. He retired 3 years ago as office manager and estimator for Riley Construction Co. in Kenosha, and formerly had been employed by Huber Glass Co. from 1952 to 1960. He married Thelma Griebel on May 10, 1924 in Chicago.

Survivors are his wife Thelma, one daughter Mrs. Thelma (Dr. A.J.) Schnieder of Syracuse, New York, and two grandchildren.

Funeral services were held at 1:30 p.m. Tuesday at the Strang Funeral Home in Antioch. Pastor Laurence Siersbeck of St. Mary's Luth-

College in Milton Wisconsin, Dave has been learning the ropes of the school newspaper and will have a lot of responsibility on the paper this school year.

Two Gaa boys will be at St. Norbert College in West de Pere, Wisconsin this fall. JIM GAA has already left, going to get oriented for his freshman year at SNC.

DON GAA, a junior business major, is really anxious to get back too. He's leaving today to get there a little early and welcome everybody else back! Don worked for Seekatz Builders this summer and took one course at CLC.

eran Church in Kenosha officiated. Interment was in Edens Cemetery at Schiller Park, Ill.

RALPH D. KINRADE-74, of Antioch died on Tuesday, August 24, 1971, in the Kenosha Hospital. He was born August 10, 1897, in Antioch. He lived in Antioch all but 7 years of his life, which were spent in Chetek, Wisconsin.

Mr. Kinrade was a member of the Sequoit Masonic Temple No. 827 A.F.A.M., in Antioch. He was a Patron and member of the Antioch Chapter No. 428 Order of the Eastern Star. He belonged to the Carpenters Local No. 1996 at Libertyville, and National A.A.R.P. Mr. Kinrade operated a movie theater in West Bend, Wisconsin, for 7 years. He worked as a carpenter by trade. For 5 years, he worked in Masek's Filling Station, in Antioch. He married (Mae) Masek on July 9, 1941, in Richmond, Illinois.

He is survived by his widow, Mae of Antioch; 1 sister, Mrs. Ruth (Warren) Snyder of Chetek, Wis. Also surviving are several nieces and nephews. He was preceded in death by 1 sister, Mrs. Vera Well.

Funeral services were held on Friday August 27 at the Strang Funeral Home in Antioch. Rev. Donald Cobb, of the United Methodist Church of Antioch officiated. Friends desiring, may make contributions to the Antioch Rescue Squad.

"Betty Frank in concert"

A familiar voice to many of the area's younger residents will be heard singing the popular folk music of today throughout Lake County in the coming months.

Betty Frank, a frequent soloist at the "Camel's Back", a coffee house which operates out of St. Anastasia Church on 629 Glen Flora in Waukegan, will be performing a number of engagements, highlighted by "Betty Frank in Concert", to be presented at the PM&L Theatre in Antioch on Friday and Saturday, September 10 and 11.

Both performances will begin at 8:30 p.m. and tickets will be \$2.00. Tickets may be obtained in advance by calling Carol Brandy in Waukegan at 244-2236 or Kenn Nelson in Antioch at 395-2848.

Miss Brandy, a close friend

of Miss Frank, encouraged her to sing semi-professionally in order that Miss Frank could continue her education. Since that time, Miss Brandy has been given the position of promoter for Miss Frank.

Miss Frank, a 1966 graduate of Antioch High School, now resides in Waukegan at 133 Parkway. She will attend Barat College in Lake Forest in the fall, majoring in music with her emphasis on choral directing.

Miss Frank will sing a combination of easy rock, country, folk music and her original compositions. Backing her up will be James Fraher of Barrington on guitar, Mitzi Jamnik of Waukegan on piano and vocal, John Jamnik, also of Waukegan, on piano, and Roger Sorensen of Antioch on bass.

ALL AMERICAN HELL DRIVERS

It's a great idea for crowded highways, but leave the skilling to the ALL AMERICAN HELL DRIVERS! Precision balancing of a beautiful American Motors Hornet and driving it on two wheels, often the full circumference of the track, is but one of the more than 22 thrilling events in store for thrill show audiences attending the premier performances of this fantastic aggregation of daredevil stunt men appearing in one show at the Waukegan Speedway, on Friday, Sept 3rd, 8:00 p.m.

Bill Beese Visits England

BILL BEESE, a sophomore at Antioch Community High School and son of Mr. and Mrs. Earl Beese of Antioch returned August 4 from a month in England.

Bill and his cousin David Thompson of Chicago lived with the S. May family in Gillingham, Kent. The relationship with this family came about through the Boy Scouts when the sons of the Mays stayed in Chicago with the Thompsons after the World Boy Scout Jamboree several years ago. This friendship lead to their extending an invitation to Bill and Dave to visit England.

The boys spent some time in London and went on an

eight day bike hike to Totness. During this time the boys lived in youth hostels where they paid a very small amount and were required to do a job in exchange for their keep.

Highlights of Bill's trip (with 140 beautiful color slides to keep the memories fresh) included seeing Gilwell Park, the home of Boy Scouting, and visiting many old castles. Ask Bill what he learned from the trip, and he may tell you the interesting story of brass rubbing or show you the brass rubbing he did himself on his wonderful vacation.

The first person to go over Niagara Falls in a barrel and survive — was a woman!

Amundsen New Bell Manager

Donald H. Amundsen, 508 First Ave., has been named manager of Illinois Bell's Libertyville business office. The office handles 21,000 telephone accounts in Libertyville, Mundelein, Half Day, Wheeling, Buffalo Grove, and several nearby communities.

Most recently Amundsen has been manager at the company's Waukegan business office. On his new assignment he is responsible for supervising 25 employees who maintain customer records and process orders for new telephone service.

Amundsen joined Illinois Bell in 1957 as a commercial representative. Since he has held several positions in the Commercial Department. Amundsen is married and has three children.

Illinois Bell Telephone postponed a rate increase proposal, scheduled for filing with the Illinois Commerce Commission last week, immediately after announcement of President Nixon's wage-price freeze order, the company revealed today.

Woman's Golf League

The Antioch Woman's Golf League sponsored by the State Bank of Antioch enjoyed a special day of golf and lunch at the Richmond Country Club.

Team No. 2 is still in first place with 42 points, Team No. 3 is in second place with 40 points, Team No. 8 is in 3rd place with 35½ points.

Gutche Gets 2nd Win

Al Gutche of Union Grove Wisconsin showed them how to pass on the outside to take the feature lead early Saturday night at the Waukegan Speedway and then regain the lead in the final lap for his second late model feature win of the year.

Gutche took the lead from Roy Acuff of Chicago in the 4th lap after he went inside and outside to charge through

the field. Bob Anzinger of McHenry took second spot on the 6th lap and held it until spinning in the 15th lap.

By this point both Carl Major of Chicago and Tom Jones of Northbrook had moved by Jim Cossman of Waukegan and both set out after Gutche. As the white flag came out, Major pulled inside Gutche and challenged for the lead.

The crowd was on their feet in the final lap as Gutche and Major brushed on the backstretch with Jones running three-abreast with the leaders. Gutche came out on top with Major just repassing Jones at the finish line.

The feature race was also close in another respect as all 18 starters completed the event which was run without any restarts. Cossman finished 4th with Bob May of Gurnee, Elmer Musgrave of Mundelein, Pete Brewer of Waukegan and Bob Anzinger following in that order.

Bob Klemm of Gurnee won the hobby stock feature race which was cut short to ten laps by a big pile-up in the first turn. Floyd Burdick of Racine required hospital attention after that accident, although he was awarded 6th in the race.

Rich Lambert of North Chicago took second in the hobby main with Bob and Cheryl Arndt of Milwaukee running third and fourth. Cheryl Arndt won the second heat race and the consolation event for hobbies.

Reimer Closes Gap

Johnny Reimer, Caledonia, won the season Championship Race for IRA super modified stock cars and closed to within 19 points on leader Whitey Harris, Lake Villa. Reimer leads at all other IRA tracks and is making a desperate bid to sweep the lead at all circuit tracks as he wins the overall IRA Seasons driving title.

Harris had been in the lead since the 22nd lap but his car suffered a broken axel and he went out of the race that could have clinched the Lake Geneva title for him and prevented a sweep by Reimer. Now he will have to defend his lead this Sunday night as the supers end their 1971 season at Lake Geneva.

Ten lap heats were won by John Olson, Paul Cameron; Tom Anderson and Joe Moulis who returned to win the 15 lap semi feature.

The Sportsman stock car Championship race was postponed when only 12 cars showed up following a 50 lap championship race at Wilmet on the previous night. Cal Clark, Greenfield, won the heat race, changed a transmission and returned to win the feature race. The other heat was won by Wes Eckert.

Bill Davis won the Spectator car feature.

UNION GROVE, Wis. Sept. 3, 4, 5 & 6.

Motorcycle Stunt Rider Ted Kleper of Milwaukee will attempt a 50 foot leap through the air over parked cars each of the four days of the Labor Day weekend at the Great Lakes Dragaway. Kleper is one of the seven feature events on tap each day of the four day meet.

The action gets under way at 8:30 p.m. on Friday and Saturday, with day races slated Sunday and Labor Day beginning at 2 p.m.

Art Arfons who last month

set a world's record for drag racing at 285 miles an hour with his famed "Green Monster" leads a crack field of jet dragster drivers, in the main feature of the meet.

Every jet driver in the country, eleven of them, have filed entries for this National Event.

Arfons at one time held the world's land speed record set at the Bonneville Salt Flats in Utah.

Supercharged funny cars, wheelstanding racers, nitro-fuel burning dragsters, pro-stocks and gas dragsters round out each days giant program.

Ashenbrenner Leads Thru out Season

Jack Ashenbrenner, Hales Corners won not only the first Championship race of the season when he took the checkered flag Saturday night at the Kenosha County Speedway in Wilmot for Sportsman Stock Cars, he also won the season Title and several other "never to be repeated honors."

Ashenbrenner became the only IRA driver to win a title in the Sportsman stock car group at Wilmot by leading the point standings throughout the entire season. He also won the last Sportsman Stock Car Championship race that will ever be held on the Wilmot track as it now exists.

Ashenbrenner won the 50 lap feature in a car that he had never raced at Wilmot prior to Saturday night. It had been the car that he raced on asphalt and he had a lot of trouble getting the car to handle on dirt. It wasn't until the 32nd lap that he took the lead from Gil Couillard, Franklin.

Ashenbrenner had started 18th in the field and followed Couillard into second place as he took the lead from Don Fernandez, Trevor on the 14th lap. Wes Eckert, Greenfield, figured to be Ashenbrenners biggest threat to a win, was quick to work his way up to 2nd but then ran into car trouble and slowed finishing 6th at the end. Earlier he had set fast time in qualifying.

Joe Greske, Franklin, drove a great race to finally move around Couillard to finish second to Ashenbrenner. Third was Couillard and then it was Jim Cmek, West Allis and Sid Norton, McHenry.

Ashenbrenner won an extra \$70.00 in lap prize money for the 14 laps he led and Couillard and Fernandez each earned \$40.00 for the lead laps they ran.

In the preliminary heat races, Dennis Rolansky, Kenosha, Cmek and Greske were the winners with Ron Fryer of Milwaukee taking the semi-feature race ahead of Jim

DeClous, Milwaukee and Bud Lynn, Milwaukee.

Jim Bozeman, Waukegan super modified stock car driver, recently added a wing to the top of his car. Sat. night he flew and winged his way to not only a win in the 30 lap feature but in a previous 10 lap heat race as well. It was the second win of the season for Bozeman at Wilmot but it had seemed like a long dry spell since his win on May 29. Tonight he led every lap and held off repeated bids from defending champion Whitey Harris, Lake Villa who rode both the high and low groves trying to find a faster way to move around but by the 25th lap he had settled down to follow and stay ahead of Ron Bergsma, Richmond. Harris is the runner up in Wilmot point standings and had also won a previous heat race. With point leader Johnny Reimer, Caledonia finishing only 5th behind Al Schill, Franksville, Harris gained several points in the chase for the overall IRA Championship for 1971.

Other 10 lap heat races were won by Jim Cameron, Kenosha, Allen Kautz, Twin Lakes and Jr. Dodd, Waukegan. Paul Cameron, Round Lake won the 15 lap semi-feature and Bob Deidrich won the 12

lap consolation race.

For Paul Cameron it was a night of ins and outs as well as ups and downs. He was forced off the track as the 2nd 10 lap heat race started. His car went through the outside fence on the backstraight away but he was not injured. On the restart he took the lead and this time two laps were run before the race had to be red flag. Allen Kautz, running second spun in the first turn and every other car but Cameron the leader, stalled to a stop completely blocking the traffic for Cameron. Cameron again stayed in front on the restart but coming off the 4th corner headed for the checkered flag, his car slowed and he lost the race.

The night produced several driver changes as they

attempted to improve their point standings for the seasons large point fund. Bill Bohn, Kenosha, drove the car he had formerly sold to Gary Weise, Genoa City. Denny McKay, Elgin, drove the vacated No. 21 modified normally driven by Bohn. Jimmy Hedges, Kenosha drove the car McKay had driven for the past four weeks but Tom Anderson, Antioch wound up in that car when his car developed rear axle problems. McKay took a second in a heat and placed fourth in the semi-feature while Bill Bohn would up 12th in the feature race.

Attendance on Sat. night was 3679 with a purse of \$4730.00. Note - the race was the 15th straight Wilmot race; (no rain outs); 40th IRA race of the 1971 season.
